

Bitcoin Protocol Licensing & Royalty Enforcement Notice

To Whom It May Concern,

This letter serves as formal notice of authorship and intellectual property rights enforcement regarding the original Bitcoin whitepaper, source code, and protocol authored and cryptographically notarized by Manuel J. Nieves.

Effective immediately, all entities utilizing any part of the Bitcoin protocol or whitepaper, either directly or through derivative works, are required to compensate the author under the following licensing and royalty terms.

Authorship is notarized via SHA-256 and GPG signature and hosted at:

https://github.com/Manny27nyc/Bitcoin_Satoshi_Proof_2025

CLAIMED ROYALTY SHARE: 33 percent of all commercial revenue derived from Bitcoin protocol usage, retroactively enforceable.

Entities known to be in violation include, but are not limited to:

- Coinbase
- Kraken
- Binance
- BitPay
- bitcoin.org
- bitcoin-core/bitcoincore.org

- All unauthorized forks, mirrors, and derivative GitHub repositories

LICENSING AND PAYMENT TERMS:

Checks must be made payable to:

Manuel J. Nieves

215 West 83rd St, Suite 2B

New York, NY 10024

Crypto payments are not accepted. Legal action will be pursued for non-compliance including DMCA filings, public notices, and royalty recovery.
